

# Venturing

Venturing is a youth development program of Scouting America designed for young men and women ages 14 to 20. It focuses on high-adventure activities, leadership development, and personal growth.

Providing a unique opportunity for older teens to explore their interests and build valuable life skills, Venturing is centered around four core areas: leadership, adventure, personal growth, and service.

Crews, which are the youth-led units within Venturing, plan and participate in exciting activities such as rock climbing, sailing, hiking, and community service. These activities foster independence, teamwork, and self-confidence.

Venturers lead their own activities and projects, making it ideal for youth looking for both adventure and leadership development.

## Why Become a Chartered Partner?

A chartered partner is an organization that sponsors a Venturing crew, and the relationship provides numerous mutual benefits:

1

**Community Engagement:** Partnering with Venturing allows an organization to directly engage with families in the community. It fosters goodwill, strengthens community ties, and promotes positive values through youth outreach.

2

**Leadership Development:** By sponsoring a Venturing crew, organizations can nurture the next generation of leaders. Venturers develop essential skills like teamwork, responsibility, and problem-solving, which benefit the community and the workforce.

3

**Volunteer Opportunities:** Involvement in a Venturing crew offers your members or employees a meaningful way to give back through service projects and other Scouting activities.

By chartering a Venturing crew, organizations not only support youth in their personal growth and leadership journey but also enhance their own community profile and impact. The partnership reflects a commitment to adventure, leadership, and positive youth development.
